

MATHEMATICS

Class – VIII

Dear Students

Hope you all are safe and healthy at your respective places.

We all are going through a challenging time during the present crisis of lock down. This is the time we need to ensure ourselves that our time is well managed both in our curriculum as well as in other productive activities.

Study material for chapter 1 & 2 were uploaded in the website in the first and second week of April 2020 respectively. Thereafter, all the students were expected to attempt all the exercise questions in their Maths register.

There was another upload of revision videos and worksheet in the following week. Hope that teachers were clear enough in making you understand the topics. We are sincerely expecting all the students to go through the videos thoroughly and solve the work sheet.

We are not giving you any new assignments this time as the already given assignments are enough for the upcoming test.

This is to be noted by all the Students that the Online Assessment test will be held on 12th May 2020.

Therefore, practice all the questions thoroughly for the test.

“REMEMBER THAT THE ONLY WAY TO LEARN MATHEMATICS IS TO DO MATHEMATICS”.

For re-cap of Chapter 1 & 2, please go through the link below:

All the very best

CLASS – VIII ENGLISH

REVISION OF PRESENT TENSE AND DETERMINERS

<https://www.youtube.com/watch?v=F9m7p8J9it4>

Since we are doing a microteaching class, our focus is on the basics on just one type of tense and that is present tense.

Definition of Present Tense:

The tense which expresses an unchanging, repeated or reoccurring **action** or **situation** that exists only now. It can also represent a widespread truth.

- Present Indefinite Tense
- Present Continuous Tense
 - Present Perfect Tense
- Present Perfect Continuous Tense

Simple Present Tense:

The tense where verb suggests the **action** which takes place always, in habitual or regular basis, widespread truth, historical truth, and near future.

Structure: Subject + Verb (s/es) + Object (if any) + Extension (if any)

Example:

I go to school.

S V Object

She dances.

S V (s)

Karim goes to school every day.

S V (es) Object extension

	Subject	Verb	Object	Extension
--	---------	------	--------	-----------

- Habitual Mother cooks rice thrice a day.
- Widespread truth The moon gives us light.

- Historical truth Akbar ascends the throne at the age of 12.
The school opens tomorrow.
- Near future

- For Interrogative and Negative sentence in Simple Present Tense, we use do/does depending on the person.

Present Continuous Tense:

The tense where verb suggests the **action** which is currently running.

Structure: Subject + 'be' verb (am/is/are) + (main verb + ing) + Object

Example:

He is coming tomorrow. (near future)

S "be" verb V+ing Object

I am reading in this school. (something ongoing)

S "be" verb V+ing Object

They are playing football like old days.(habitual)

S "be" verb V+ing Object

Present Perfect Tense:

Present Perfect Tense:

It is used to express an action that has been completed in the immediate past by using have or has and the past participle(III form)

For example: It has rained.

Structure: Subject + Auxiliary Verb (have/has) + Main Verb's Past Participle + Object

Example:

1. She has done her homework.
2. I have finished my work.
3. Our teachers have always helped us.

Present Perfect Continuous Tense:

Present Perfect Continuous Tense:

An action started in the past and still continuing in the present.

Structure:

Subject + Auxiliary Verb (have /has) + been + (Main Verb + ing) + Object + for + period

Subject + Auxiliary Verb (have /has) + been + (Main Verb + ing) + Object + since + point in time

Example:

1. It has been raining for two hours.
2. He has been living here since 1990.

DETERMINERS

Determiners are words placed in front of a noun to make clear what the noun refers to.

There are 8 classes of Determiners

- Articles (Definite and Indefinite)
- Demonstratives
- Quantifiers
- Possessives
- Numbers (Cardinal and Ordinal)
- Distributives or Indefinite pronouns
- Question Words or Relative pronoun

Articles

(Definite and indefinite)

- Articles (**a, an, the**)
 - The indefinite articles a or an signal that the reference is non specific or general.
 - The definite article the signals that the reference is specific

Demonstratives

SINGULAR

this
that

PLURAL

these
those

Showing who or what is
being referred to.

QUANTIFIERS

Few	Little
Much	Many
Most	A lot of
Some	Other
Any	Enough
More	Such

Used with a noun to show the amount of something.

POSSESSIVES

My
Your
His
Her
Its
Our
their

A form of a word that shows that something or someone belongs to someone.

CARDINAL NUMBERS

One

Ten

Thirty

Forty

Two

Nine

**Used in simple
counting and
shows quantity**

ORDINAL NUMBERS

First

Last

Fifty

Twenty

Used to show the position of someone or something in series

DISTRIBUTIVES

Both

Half

Either

Neither

Each

Every

All

A word referring singly without exception to the member of a group

Question words or Relative pronouns

Whose
Which
What
Whatever

Learn To Use: Microsoft Access 2010

See the below link

Periodic Test – I Syllabus

Chapter – 1

Chapter – 2 (Page No. 18 to 23 only)

- **Microsoft Access** is an information management tool that helps you store information for reference, reporting, and analysis.
- **Microsoft Access** helps you analyze large amounts of information, and manage related data more efficiently than **Microsoft Excel** or other spreadsheet applications.

Microsoft Access

- A database is a data structure that stores organized information.
- Most databases contain multiple tables, which may each include several different fields. For example,
- a company database may include tables for products, employees, and financial records.

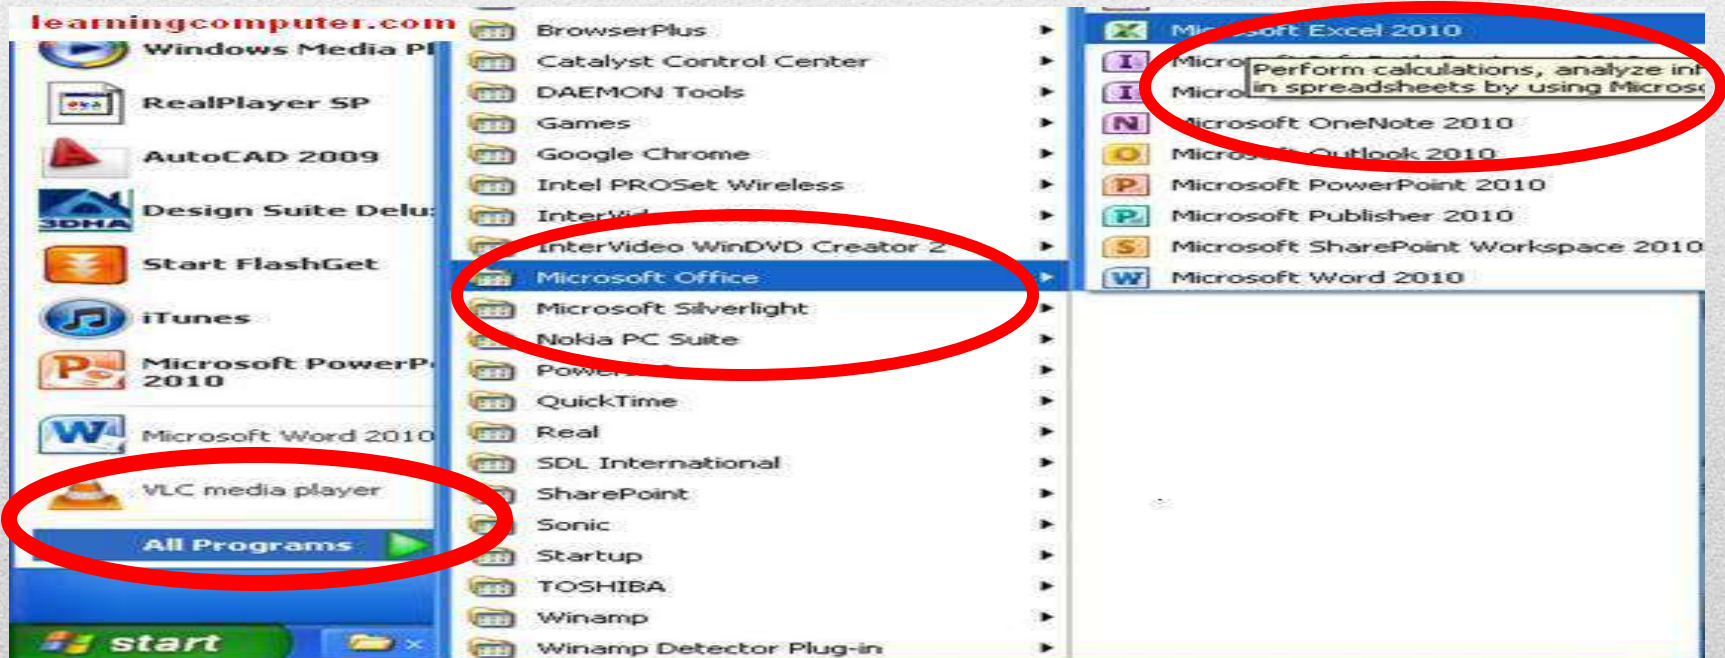

DATABASE

- Easy retrieval of data
- Reduction of data inconsistency
- Easy Manipulation of data
- Reduction of data redundancy
- Easy sharing of data
- High data security

Advantages of Database:

Starting Microsoft Access 2010

- Click Start Button – All Programs – MS Office – Microsoft Access 2010

- Table : - A table is a part of the database are stored in a single file.
- Query :- A query is used to extract information from a data.
- Form :- Form is way to enter data into the data base.
- Report: Reports are designed to be printed.

Database Objects

TABLE

The screenshot shows the Microsoft Access interface with the 'Table Tools' ribbon active. The table 'Contactlist' is displayed in Datasheet View. A red oval highlights the header row, and a red arrow points from the 'Record' label to the first data row.

ContactId	FirstName	LastName	Relation	BirthDate	TelNumber	City	Country	PostalCode
1	John	Doe	Friend	22-Jan-66	(416) 123-4567	Toronto	Canada	M5F 5R5
2	Linda	Jones	Friend	11-Mar-80	(905) 123-4567	Toronto	Canada	M4J 4J4
3	Mary	Katz	Friend	30-Aug-66	(404) 123-4567	Atlanta	USA	
4	Keith	James	Friend	01-Apr-91	(678) 123-4567	Atlanta	USA	
5	Nancy	Singh	Family	14-Jun-88	(647) 123-4567	Toronto	Canada	
6	Anit	Singh	Family	25-Jul-76	(647) 999-1111	Toronto	Canada	
7	James	Roche	Friend	09-Sep-60	(404) 999-1111	Atlanta	USA	
8	Lisa	Peters	Friend	22-Dec-74	(416) 111-9999	Toronto	Canada	
9	Anthony	Jones	Friend	16-Nov-86	(905) 111-9999	Toronto	Canada	
10	Janice	Doe	Friend	11-Feb-81	(678) 111-9999	Atlanta	USA	
*	(New)						Canada	

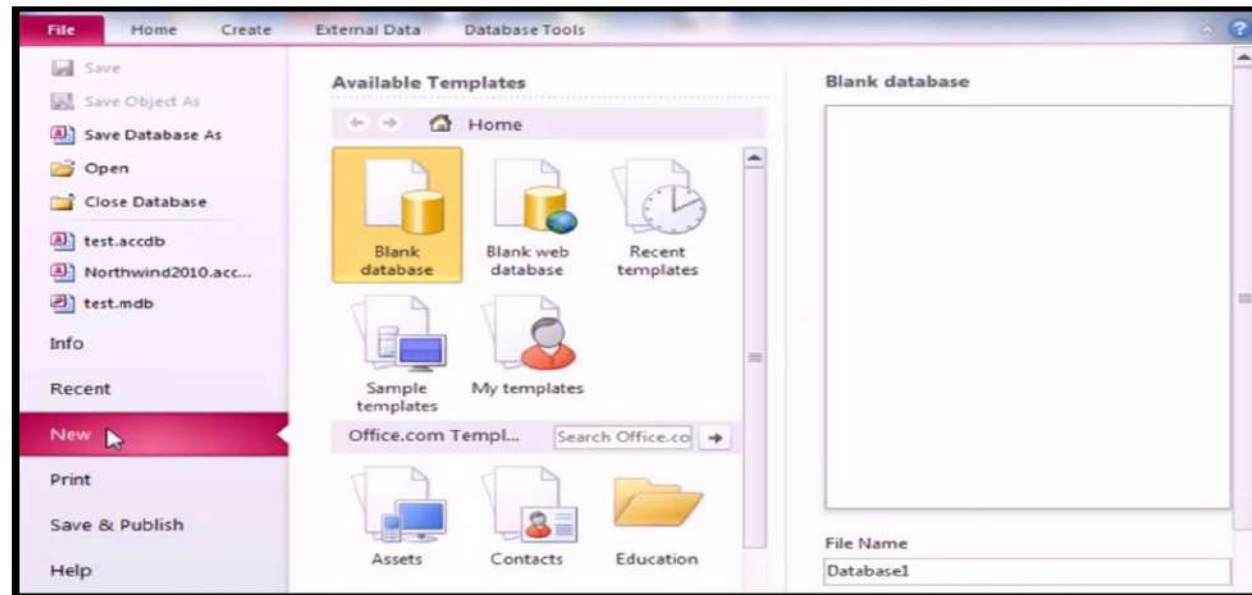

MS Access provides the following ways to create a database

- Creating a blank Database
- Creating a database using a templates
- Creating a database by downloading a template.

Creating An Access Database

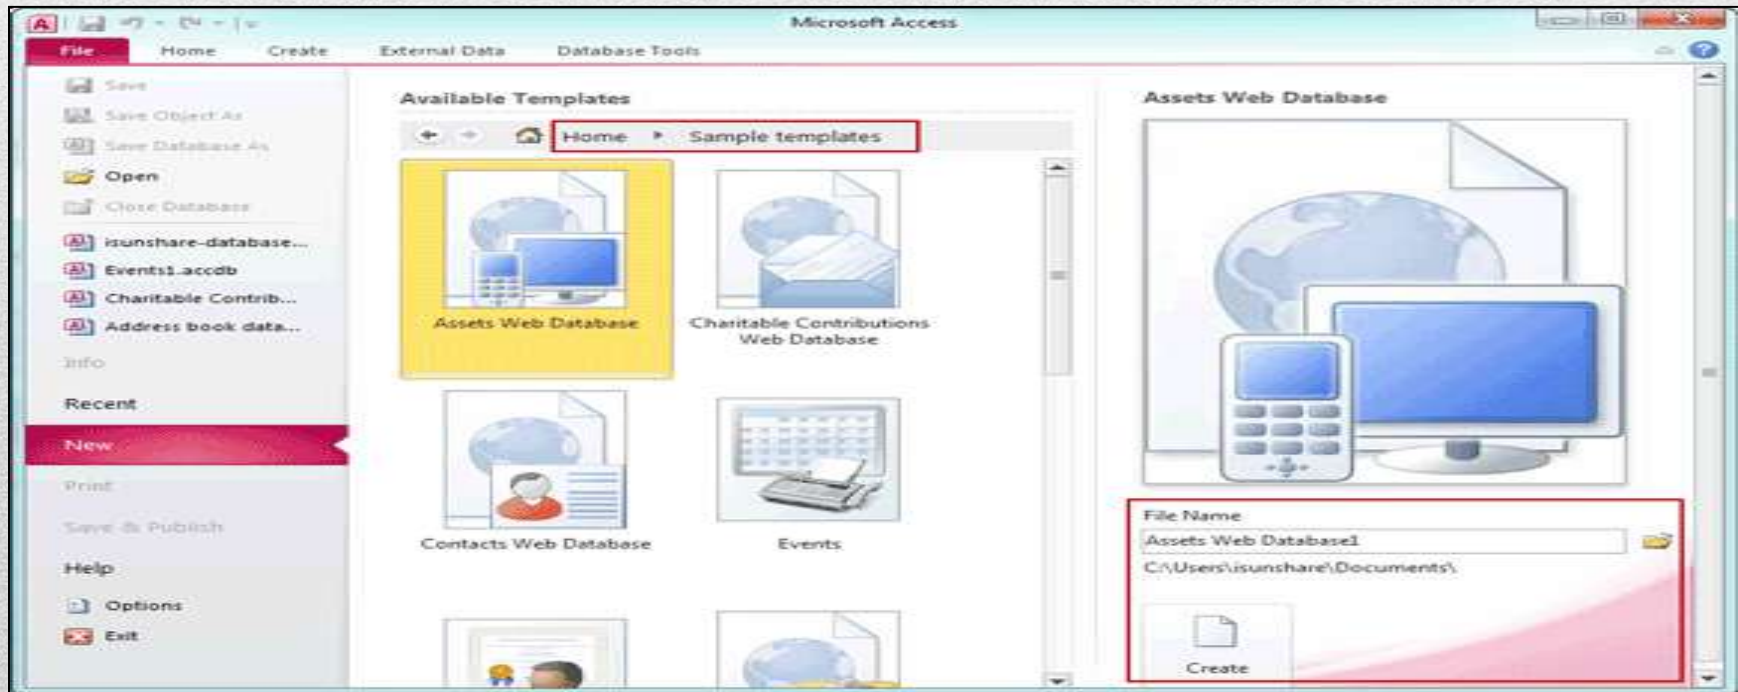

Creating A Blank Database

- Start Access. ...
- Click the “**Blank desktop database**”

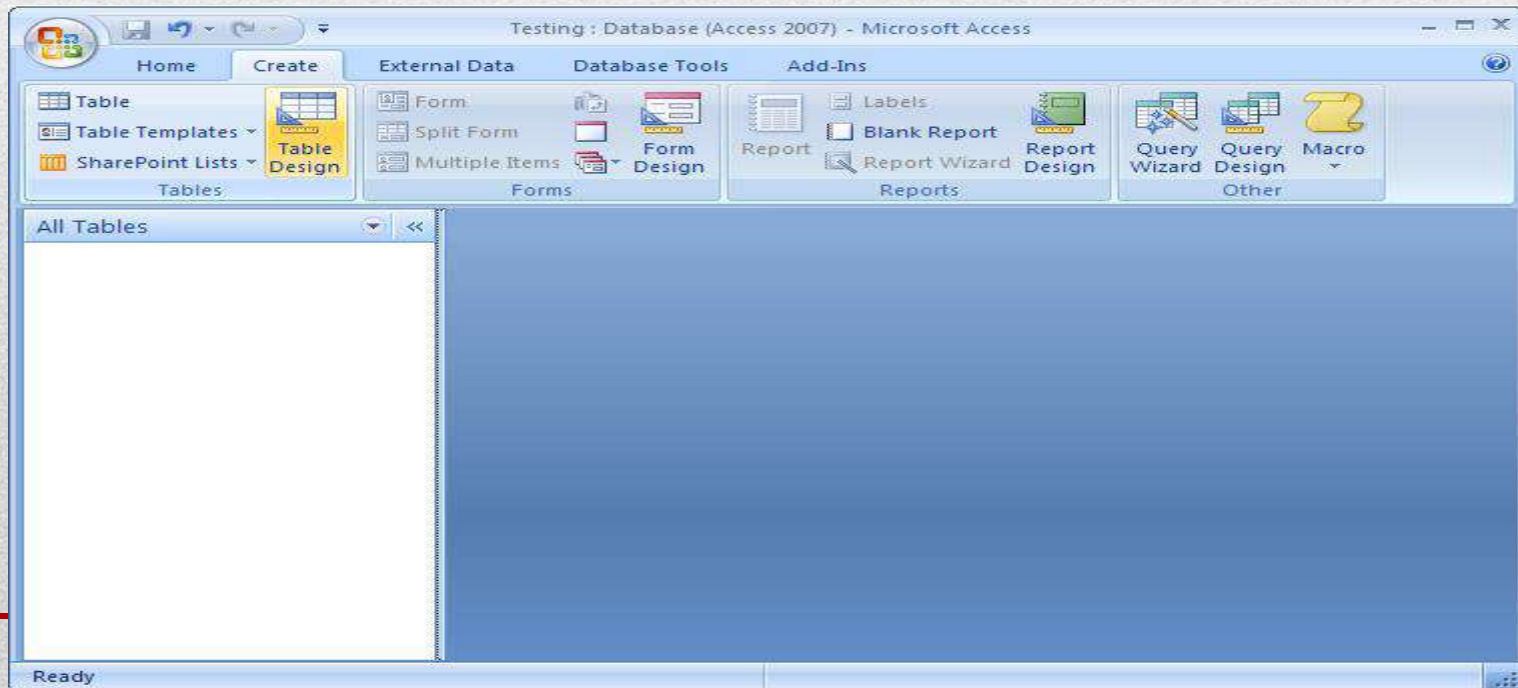

Creating a database Using A Template

- Template is a ready to use database that contains tables, queries, forms and reports needed for performing a specific task.

Creating A Table

- To **create a table**, select the **Create** tab in the toolbar at the top of the screen. Then click on the **Table Design** button in the **Tables** group. Next, add the fields to the **table**.

- Define Microsoft Access 2010.
- Mention the different way to create a database.
- Write Some advantages of a database.
- Define the term Record and field .
- Write the steps to create a database using a template.

**Do all questions in
Notebook**

ONLINE TEST REVISE CHAPTER – 1 Only

while you are preparing yourself for the online exams, it is important to complete your syllabus, but at the same time, effectively utilizing your time is very important.

BEST WISHES

Science for class 8th

Syllabus for self assessment test

- Ch-2 Micro-organisms: Friend and Foe
- Ch-7 Conservation of plants and Animals
- Ch-11 Force and Pressure
- Note: (In the last slide youtube videos links are given. Those videos are made by the school science teacher to make your concepts more clear.)

Recapitulation

Ch-2

Micro-organisms: Friend and Foe

- **Extremely small organisms that can be seen only with the help of microscope.**
- **Micro-organisms are classified into five major groups:** bacteria, virus, fungi, protozoa and algae.
- **Micro-organism can survive in all type of habitats**
- **Some micro-organisms are beneficial to us:** help in making of curd, bread, alcohol, antibiotic, vaccine, increase fertility of soil and decompose animals and plants waste.
- **Disease causing micro-organisms are called pathogens.**
- **A medicine which kills the disease causing micro-organisms is called antibiotic. E.g. penicillin, streptomycin and tetracycline.**
- **The process of giving vaccine orally or by injection which provide immunity against a particular disease is called vaccination.**
- **Disease which can spread from an infected person to a healthy person through air, water, food or physical contact are called Communicable diseases. E.g. chickenpox, tuberculosis and aids.**
- **Disease caused due to the toxic substances released by the micro-organisms present in the food is called food poisoning.**
- **Sodium metabisulphite and sodium benzoate are the chemical preservative, used to preserve the food.**
- **A method to preserve milk by heating it to a high temperature(70C) for few seconds and then cooling it quickly is called pasteurization.**

Ch- 7

Conservation of Plants and Animals

- Conservation of plants and animals means that plants and animals which occur in the forest should be kept in a way that they remain protected in the natural environment in which they are found.
- The plants and animals of a particular area are called flora and fauna of that area.
- Biosphere: it is that part of earth in which living organisms exist. It include land surface, atmosphere and water bodies on earth.
- Biodiversity: it refers to the variety of organisms(plants, animals and microorganisms etc.) found in a particular area or habitat.
- Ecosystem: it includes all the living organisms of an area and physical environment (soil, air and water) in which they live.
- Deforestation: The cutting of forest over a wide area.
- Forest trees are cut down for making fuel, furniture, paper, cultivation of crops, to construct building, factories, roads and dams

Endemic Species: species of plants and animals which are exclusively found in a particular area.

Extinct species: species which no longer exists anywhere on the earth.

Endangered Species: the species which are at the risk of extinction are called endangered species.

- **Biosphere Reserves:** a large protected area of land for conservation of biodiversity, wildlife and traditional lifestyle of tribal people living in that area.
- **Wildlife sanctuary:** provide protection to wildlife in their natural environment.
- **National park:** provide protection to wildlife and also maintained landscape and historic objects of that area.
- **Red data book:** keeps a record of all the endangered animals, plants and other species. It is published by IUCN.
- **Migration:** when a bird or other animal move from place to another in one season and returns in another season is called migration.
- **Reforestation:** the planting of trees in an area in which forests were destroyed is called reforestation.

Advantages of reforestation:

- ▶ Produces large quantity of raw materials for industry.
- ▶ Global warming will be reduced.
- ▶ Increase rainfall, raise groundwater level and prevents droughts.
- ▶ Prevents soil erosion and flood.
- ▶ Good for the conservation of wildlife.

Ch -11

Force and Pressure

- A push or pull on an object is called force. S.I unit of force is Newton(N).
- Force has magnitude as well as direction.
- A force can move a stationary object, can stop a moving object, can change the speed and direction of a moving object and can change the shape of an object.
- Contact Force is a force which is experienced by bodies when they are in physical contact with each other. E.g. muscular and frictional force.
- Muscular force is the type of force in which we use our physical strength to change the state of motion of an object.
- Frictional Force is the force which always opposes the motion of one body over another body.
- Non-Contact force can be exerted by an object on an another object even from a distance. E.g. magnetic, electronic and gravitational force.

- **Magnetic Force:** force exerted by a magnet on objects made up of iron, nickel, steel and cobalt.
- **Electrostatic force:** force exerted by a charged body on another charged or uncharged body.
- **Gravitational force:** the pull exerted by objects possessing mass.
- **Force per unit area** is called pressure. S.I unit of pressure is pascal (Pa).
- **Pressure of liquid** increases with depth.
- **Atmospheric pressure:** Pressure exerted by air present in our atmosphere. It decreases with increasing altitude.

- ▶ Conservation of plants and animals → <https://youtu.be/iZK0F-H8XP8>
- ▶ Force and Pressure → <https://www.youtube.com/watch?v=lQkXZppn-a4>

Note: The link of 'ONLINE SELF ASSESSMENT TEST' will be updated soon. Students are advised to prepare themselves with the syllabus covered till now.

Thank You

CLASS- 8 (S.ST)

RECAP OF HISTORY

LESSON- 1

WHEN, WHERE AND HOW

- Dates are so important to know about events and happenings which were occurred in past History.
- We associate date with History because in early times , the court historians use to record only the crucial events of a king's life such as his marriage , battles etc.
- In 1817 , James Mill a Scottish economist and great philosopher wrote the book 'A History of British India' .
- According to British classification Indian History divided into ancient , medieval and modern .
- Historical sources – historians depend on different historical sources such as – Administrative records , Record rooms , Archieves and Museums etc.
- Colonial means when Britishers established their rule in India and took control over all the territories , revenue and resources of our country .

RECAP OF GEOGRAPHY LESSON – 1

RESOURCE AND DEVELOPMENT

Everything available in our environment which can be used to satisfy our needs, provided, it is technologically accessible, economically feasible and culturally acceptable can be termed as Resource.

Human Beings interact with nature through technology and create institutions to accelerate their economic development.

Human beings themselves are essential components of resource. They transform material available in our environment into resources and use them. These resources can be classified into following ways—

- ➔ On the basis of origin – biotic and abiotic Resources
- ➔ On the basis of Exhaustibility – Renewable and Non – Renewable Resources
- ➔ On the basis of ownership – individual, community, national and international
- ➔ On the basis of status of development – potential, developed, stock and resource .

RECAP OF CIVICS LESSON – I

CONSTITUTION

The Constitution of India is the supreme law of India . The document lays down the framework demarcating fundamental political code, structures, procedures , powers , and duties of government institutions and sets out fundamental rights , directive principles , duties of citizens.

The Constitution of India is the supreme law of India . It consists of approximately 145,000 words , making it the second largest active Constitution of India in the world . Currently , it has preamble , 25 parts with 12 Schedules , 5 appendices, 448 articles, and 110 amendments. Dr. Bheem Rao Ambedkar is the ‘father of Indian Constitution ‘.

KEY FEATURES OF INDIAN CONSTITUTION

- The longest Constitution in the world.
- Parliamentary form of government .
- Federalism
- Fundamental Rights
- Secularism
- Sovereignty
- Separation of powers
- Independent judiciary
- Directive principles of state policy

ONLINE ASSESSMENT

GENERAL INSTRUCTIONS

- Students should be signed in with Gmail Account in phone\ system before attempting online revision assessment.
- All questions are compulsory.
- Read questions carefully then attempt.
- There is no limit for attempting online test.
- After completion of test you can view score on the screen and validate with correct answers.
- Student can only attempt assessment once.

<https://youtu.be/GYwiUjOnOjE>

If you are unable to open the given link in mobile device, Kindly copy the link in Google browser, else try to browse in Internet Explorer , Mozilla Firefox.....

याद रखें

1. संस्कृत भाषा में लङ् लकार का प्रयोग भूतकाल की क्रिया के लिए किया जाता है। लङ् लकार का रूप बनाते समय धातु के पहले 'अ' जोड़ा जाता है।
2. यदि किसी धातु में उपसर्ग लगाना हो और उसका लङ् लकार भी बनाना हो, तो पहले धातु का लङ् लकार रूप बनाएँ तथा उसके बाद उसमें उपसर्ग लगाएँ; जैसे—
 - (i) 'उपगच्छति' का अर्थ है 'पास जाता है'। इसमें 'उप' उपसर्ग है और 'गच्छति' लट् लकार का रूप है।
 - (ii) यदि अब इसे लङ् लकार में परिवर्तित करना हो तो पहले 'गच्छति' से 'अगच्छत्' बनेगा, उसके बाद उसमें 'उप' उपसर्ग जोड़ा जाएगा, अर्थात् उप+अगच्छत्=उपागच्छत्। इस प्रकार लङ् लकार में 'उपगच्छति' का रूप 'उपागच्छत्' बनेगा जिसका अर्थ है 'पास गया'।
3. पद-परिचय—शब्दों का व्याकरण के आधार पर परिचय पद-परिचय कहलाता है।
 - (अ) क्रिया पदों का पद-परिचय—क्रिया पदों का परिचय देते समय शब्द में प्रयुक्त धातु, लकार, पुरुष और वचन का उल्लेख किया जाता है; जैसे—

पदः	धातुः	लकारः	पुरुषः	वचनम्
अलिखन्	लिख्	लङ्	प्रथम	बहुवचनम्

- (ब) शब्दों का पद-परिचय—शब्दों का पद-परिचय करते समय मूल शब्द, लिंग, विभक्ति और वचन बताया जाता है; जैसे—

पदः	मूलशब्दः	लिंगम्	विभक्तिः	वचनम्
लतायाम्	लता	आकारान्त स्त्रीलिंग	सप्तमी	एकवचन

1. संस्कृत में प्रकृति-प्रत्यय विभाग से तात्पर्य है, दिए हुए शब्दों में से धातु (प्रकृति) एवं प्रत्यय को अलग करना। यदि ये शब्द उपसर्ग युक्त हों तो उपसर्ग को भी अलग कर देना चाहिए; जैसे-
आनेतुम् = आ (उपसर्ग) + नी (धातु) + तुमुन् (प्रत्यय)।
2. अशुद्ध वाक्यों को शुद्ध करते समय जहाँ तक संभव हो क्रिया को ही शुद्ध करना चाहिए; जैसे- 'बालिका उद्याने क्रीडन्ति' का शुद्ध रूप 'बालिका उद्याने क्रीडति' होना चाहिए न कि 'बालिकाः उद्याने क्रीडन्ति'। यद्यपि यह वाक्य भी व्याकरण की दृष्टि से शुद्ध है, परंतु इसमें अर्थ परिवर्तित हो गया है, क्योंकि मूल वाक्य में एक बालिका के बारे में बात की जा रही है न कि अनेक बालिकाओं के बारे में।

Pls. go through the study materials and view above video to prepare yourself for the online self assessment test.

The link for the Online Assessment Test will be updated soon.

शिक्षा – आज की आवश्यकता

लिंक अवश्य देखें

<https://youtu.be/MEO-mGzeaRs>

शिक्षा का महत्व

» जीवन में सफलता प्राप्त करने के लिए एक बहुत महत्वपूर्ण साधन है।

- यह हमें जीवन के कठिन समय में चुनौतियों से सामना करने में सहायता करता है।
- अपने जीवन के प्रति आत्मनिर्भर बनाता है।
- यह जीवन में बेहतर संभावनाओं को प्राप्त करने के अवसरों के लिए विभिन्न दरवाजे खोलती है जिससे कैरियर के विकास को बढ़ावा मिले।

प्राचीनकाल में शिक्षा

प्राचीनकाल में गुरु एवं शिष्य का सम्बन्ध भावात्मक होता था । शिष्य को गुरु के पहले सोकर उठना होता था । फिर गुरु के सो जाने के बाद उसे सोना होता था । गुरु के आश्रम में अनुशासन एवं कर्तव्य का पूर्ण पालन करना होता था । धनी या निर्धन उनके आहार-विहार तथा रहन-सहन में समानता का ध्यान रखना होता था । गुरुकुल आश्रम प्रणाली की शिक्षा व्यवस्था श्रेष्ठ थी ।

भारत में स्कूली शिक्षा से जुड़ी सरकारी योजनाएं

- बच्चों को स्कूल जाने और सीखने के लिए प्रेरित करने वाली सरकारी योजनाएं
- सर्व शिक्षा अभियान (एसएसए)
- बालिकाओं की प्राथमिक शिक्षा के लिए राष्ट्रीय कार्यक्रम (एनपीईजीईएल)
- मिड डे मील योजना
- मुफ्त किताबें और वरदी
- EWS कोटा

सरकारी विद्यालयों में शिक्षा का स्तर

- गरमी की छुट्टियों में भी कक्षा का आयोजन
- अभिभावक-शिक्षक-सभा का आयोजन
- शिक्षा शुल्क में कमी
- प्रतिभा विकास विद्यालयों को बढावा

शिक्षक दिवस

- प्रतिवर्ष 5 सितंबर को शिक्षक दिवस मनाया जाता है।
- भारत के पूर्व राष्ट्रपति डॉ. सर्वपल्ली राधाकृष्णन के जन्म-दिवस के अवसर पर शिक्षकों के प्रति सम्मान प्रकट करने के लिए भारतभर में शिक्षक दिवस 5 सितंबर को मनाया जाता है।
- सर्वपल्ली राधाकृष्णन शिक्षा में बहुत विश्वास रखते थे। वे एक महान दार्शनिक और शिक्षक थे।

मौखिक प्रश्न स्वयं करें सभी कॉपी में करें ।

लघु -2

किसी भी समाज की प्रगति के लिए शिक्षा एक जरिया है, यह देश के विकास में भी सहायक है। समाज में समानता लाने के लिए भी शिक्षा आवश्यक है एक शिक्षित व्यक्ति समाज में सम्मान प्राप्त करता है।

दीर्घ- 2

साक्षर और निरक्षर व्यक्ति के बीच का अंतर उनकी सोच प्रक्रिया, मानसिकता और उनके व्यवहार के आधार पर किया जा सकता है।

1. एक साक्षर व्यक्ति जीवन में हर स्थिति के बारे में तार्किक रूप से सोचता है जबकि निरक्षर व्यक्ति तर्क के आधार पर निर्णय नहीं लेता।
2. एक शिक्षित व्यक्ति अपने आस-पास के बारे में अधिक जागरूक होता है। उदाहरण के लिए, एक शिक्षित व्यक्ति अपने देश की राजनीतिक, आर्थिक या सामाजिक स्थिति से अवगत होगा।
3. ऐसा भी कह जाता है कि एक निरक्षर व्यक्ति का व्यवहार ज़्यादा गर्म होता है, लेकिन उनका दूसरों के प्रति अधिक स्वागत करने वाला दृष्टिकोण होता है जबकि शिक्षित लोग थोड़े स्वार्थी प्रवृत्ति के होते हैं।

शिक्षा - आज की आवश्यकता

प्रस्तुत पाठ विद्यार्थियों को शिक्षा के विषय में जानकारी देते हुए यह समझाने का प्रयास करता है कि शिक्षा के बिना जीवन अपूर्ण है। शिक्षित व्यक्ति समाज में सम्मान प्राप्त करके जीवन में उन्नति करता है।

शिक्षा न केवल मनुष्य के जीवन के लिए महत्वपूर्ण है, बल्कि देश के विकास में भी सहायक है। किसी भी समाज की प्रगति के लिए शिक्षा एक जरूरी है। हमें इस बात पर प्रसन्नता भी होती है कि हमारी सरकार हर प्रकार से शिक्षा को बढ़ावा देने का संपूर्ण प्रयास कर रही है। 5 साल से 14 साल तक की आयु वाले बच्चों के लिए सरकार ने शिक्षा को अनिवार्य कर दिया है।

ऐसा नहीं है कि आज के समय में ही विद्यालयी शिक्षा आगे बढ़ी है। अतीत में भारत में भी गुरुकुल स्थापित किए जाते थे, जहाँ विद्यार्थियों को पढ़ाया जाता था। तक्षशिला विद्यालय, प्राचीन भारतीय समाज की देन है। वेदों का ज्ञान, उपनिषदों का पठन सब शिक्षा के ही उदाहरण हैं।

लघु-1

हमारी सरकार निम्न वर्ग के लोगों के बच्चों को शिक्षा देने के लिए बहुत कुछ आर्थिक सहायता प्रदान कर रही है। प्राथमिक (प्राइमरी) कक्षाओं तक विद्यार्थियों को निशुल्क पढ़ाया जा रहा है। उन्हें सरकार की ओर से वरदी तथा किताबें मुफ्त में दी जाती हैं। हर तरह से यहाँ कोशिश की जा रही है कि निम्न एवं मजदूर वर्ग के बच्चों को शिक्षा अनिवार्य रूप से मिली अच्छे से अच्छे विद्यालयों में भी आर्थिक रूप से कमजोर (EWS) लोगों के बच्चों के दाखिले के लिए सीटें आरक्षित की जाती हैं। विद्या से बढ़िया स्कूल भी ऐसे बच्चों को दाखिले देता है। जो विद्यालय इस नियम

उच्चारण, वर्तनी में सुधार एवं टंकन की सरलता हेतु कुछ वर्ष पहले कुछ शब्दों में परिवर्तन हुआ जैसे गर्मी - गर्मी, मस्जिद - मस्जिद, इन्सान - इन्सान, महत्वपूर्ण - महत्वपूर्ण, कर्तव्य - कर्तव्य, अंतरराष्ट्रीय - अंतरराष्ट्रीय इत्यादि। उच्चारण की दृष्टि से दोनों ही प्रकार के शब्दों को सही माना जाता है।

का पालन नहीं करते, उनके विरुद्ध कार्यवाही की जाती है। इससे निम्न वर्ग के लोगों के बच्चों को बढ़ावा मिल रहा है।

दीर्घ-2

आज से कुछ समय पहले सरकारी विद्यालयों में शिक्षा का स्तर सही नहीं था, मगर अब सरकार इन सरकारी विद्यालयों के स्तर में सुधार लाने का संपूर्ण प्रयास कर रही है। पढ़ाई में कमजोर बच्चों के लिए गरीब छात्रों में भी कक्षाएं चलाई गईं। अभिभावक-शिक्षक-सभा भी आयोजित की जाती है, जिससे अध्यापकों छात्रों के विषय में उनके माता-पिता से बात कर सकें। देश के अ विकसित क्षेत्रों में सरकार द्वारा बहु-शैक्षिक जागरूकता अभियान चलाए जा रहे हैं। इसका एक उदाहरण 'सर्व शिक्षा अभियान' है। सरकारी विद्यालय तथा प्रतिभा विकास विद्यालयों को बढ़ावा दिया जा रहा है।

दीर्घ-5

देश में शिक्षा प्रणाली के स्तर को बढ़ावा देने के लिए हम सबका योगदान अत्यावश्यक है। स्कूल और कॉलेज प्राधिकरणों द्वारा अपने छात्रों में रुचि और जिज्ञासा को बढ़ावा देने के लिए, शिक्षा के कुछ मुख्य उद्देश्यों को निर्धारित करना बहुत आवश्यक है। उन्हें शुल्क-संचयन विचार करके शिक्षा-शुल्क में कमी करनी चाहिए। कई बार शिक्षा-शुल्क की अधिकता विद्यार्थियों को में बाधा बन जाती है और वे अपनी पढ़ाई जारी नहीं रख पाते।

लोगों के बीच में समानता लाने एवं सभी के वैयक्तिक विकास के लिए, हमारा यह कर्तव्य है कि सरकारी विद्यालयों में सुविधा में संतुलन बनाना होगा। शिक्षा का सबसे बड़ा लाभ यह होता है कि आस-पास के नकारात्मक वस्तुओं में हस्तक्षेप करके उन्हें सकारात्मकता में बदल सकती है।

3 एक शिक्षित व्यक्ति निर्णय लेने की क्षमता रखता है; एक शिक्षित व्यक्ति अच्छी नौकरी पाकर परिवार गुजारा चला सकता है; एक शिक्षित व्यक्ति अंतरराष्ट्रीय स्तर पर संबंध स्थापित करने में सक्षम होता है।

हमारे देश में अनेक शिक्षाविद हुए हैं, जिनमें भूतपूर्व राष्ट्रपति डॉ. सर्वपल्ली राधाकृष्णन प्रमुख थे। उन्होंने शिक्षा और शिक्षकों को इतना बढ़ावा दिया कि उनका जन्मदिन (5 सितंबर) 'शिक्षक-दिवस' बन गया। हम सब भारतवासी उस महान आत्मा के सदैव आभारी रहेंगे, जिन्होंने शिक्षा को बढ़ावा दिया।

एक ने एक को पढ़ाना है,
इस नीति को अपनाना है,
भारतवासियों को साक्षर बनाना है,
ज्ञान का दीपक जलाना है।

DINOSAURS

The Mighty Dinosaurs

Basic Dinosaur Facts

All non-avian dinosaurs went extinct about [66 million years ago](#).

There are roughly 700 known species of extinct dinosaurs.

Modern birds are a kind of dinosaur because they share a common ancestor with non-avian dinosaurs. [Megalosaurus](#) (Buckland, 1824) was a large

Theropod dinosaur of the [Megalosauroid family and was the first dinosaur skeleton ever discovered](#). It was discovered by William Buckland in the

1820s, and recognized as a huge reptile. [Paleontologists](#) are like detectives who examine the evidence that extinct animals left behind. Those clues to what dinosaurs were like are found in fossils—the ancient remains of an organism, such as teeth, bone, or shell—or evidence of animal activity, such as footprints and trackways.

The Dog And The Wolf

There was once a Wolf who got very little to eat because the Dogs of the village were so wide awake and watchful. He was really nothing but skin and bones, and it made him very downhearted to think of it.

One night this Wolf happened to fall in with a fine fat House Dog who had wandered a little too far from home. The Wolf would gladly have eaten him then and there, but the House Dog looked strong enough to leave his marks should he try it. So the Wolf spoke very humbly to the Dog, complimenting him on his fine appearance.

"You can be as well-fed as I am if you want to," replied the Dog. "Leave the woods; there you live miserably. Why, you have to fight hard for every bite you get. Follow my example and you will get along beautifully."

"What must I do?" asked the Wolf.

"Hardly anything," answered the House Dog. "Chase people who carry canes, bark at beggars and fawn on the people of the house. In return you will get tidbits of every kind, chicken bones, choice bits of meat, sugar, cake, and much more

beside, not to speak of kind words and caresses."

The Wolf had such a beautiful vision of his coming happiness that he almost wept. But just then he noticed that the hair on the Dog's neck was worn and the skin was chafed.

"What is that on your neck?"

"Nothing at all," replied the Dog.

"What! nothing!"

"Oh, just a trifle!"

"But please tell me."

"Perhaps you see the mark of the collar to which my chain is fastened."

"What! A chain!" cried the Wolf. "Don't you go wherever you please?"

"Not always! But what's the difference?" replied the Dog.

"All the difference in the world! I don't care a rap for your feasts and I wouldn't take all the tender young lambs in the world at that price." And away ran the Wolf to the woods.

Moral

There is nothing worth so much as liberty.
