staff the true institution exists

Learning is not a process limited to schools and colleges only, nor does it end with the conclusion of one's school career. It is indeed a lifelong process. Our school is oriented to the total formation of a child and to adaptations of various methods suiting the dynamics of changing world in order to achieve common goals & objectives.

It is my message to you all that the people of fine character live by their values. They are honest and are committed to truth fullness in thought, word and deed. Character creates respect which in turn leads to high self-esteem. Maturity is reflected in all aspects of characters- the decision we make, the friends we choose and the responsibilities we accept. Be always ready to give preference to other. What you are is God's gift to you. What you become is your gift to God. Have something to live for. Bring out the best in you.

"WITH WARM WISHES & GOD'S BLESSINGS."

Dear all Greetings of the day

What I am going to pen down on this page is my vote of thanks to all at St. Mary's - The management, staff, students, and parents. First of all, let me express my gratitude to The Almighty and all those who had helped me to enter a profession dedicated to

assisting young people to achieve their potential or find their best selves. It has been a long journey since 1994. I stepped into the serene premises of St. Mary's on 15th April 1994. Right from the first day, I felt a kind of fondness towards the school - the pollution-free atmosphere, peaceful and green surroundings, loving children, supporting staff, and above all, the very friendly nature of Daisy ma'am and simplicity and diligence of Thomas sir. During my initial days in school, I was amazed to see sir's involvement in the A-to-Z matters of three schools. I thought he never slept or slept only for two or three hours. It was somewhat true because the main contribution behind what St. Mary's is today is the determination, dedication, and hard work of our respected Director sir - Dr. Thomas George. A perfect leader and disciplinarian at school and at the same time a loving and caring family member outside the school. It has been as if we are all under the shade of one big tree which sheltered us in every adverse situation - let it be a pandemic or a small problem of any staff.

What makes St. Mary's a different place to work? Of course, it is the unique nature of our respected Principal Mrs. Daisy Thomas. What a phenomenal boss! She always remained as a silent listener to anybody's problem and came out with soothing solutions irrespective of the intensity. Her motherly attitude towards the staff will surpass any comparison and it has the magnetic power of pulling us towards St. Mary's. Daisy ma'am's position in my mind and in my family is express my gratitude for the support she has been extending to me dear parents for their cooperation and support. throughout these 28 years.

I also would like to express my gratitude to our former Administrator Mr. Mathew.T.George. How can I forget the friendly nature of Mathew sir He talks to everyone like a family member or like a very close friend, with no formality at all. We all have a respectful position for him in our I will be watching from a distance. hearts despite his absence from school.

Now let me offer a big thanks to our respected Headmaster Mr. K. C. James for being so caring and friendly. I never hesitated to ask for any help and without any hesitation, he used to support me. Thank you so MY DEAR SCHOOL ... FARE THEE WELL. much. sir.

course very smoothly, but after that, a change came over in the affairs of the school - more technical support, more workshops, and more activities. This is due to the implementation of novel ideas of the new generation. We all know the brains behind the innovations our respected Manager Mr. Abey Alex and our new Vice-Principal Mrs. Derlin Abey. You both and your team deserve much appreciation for grooming not only the students but the staff also, to face the imminent changes. I am sure you will carry forward the legacy of the Founder adding more colours as per the demand of time. Thank you so much for the love, respect, and support you have extended to me and also for exposing us to the world of technology.

How can I say goodbye to my school without expressing my gratitude to my colleagues? Right from the security guard at the main gate, I am indebted to each and every member of our three schools. I won't find anybody like you in my journey ahead. Our female staff - like the sisters of a joint family - caring and sharing, and our male staff - are extra decent in every matter. Our non-teaching staff for the support they have extended to me throughout my service. All members of the admin department, Lab, Library, Transport, and Housekeeping. Thank you, my dear friends, for being my companions for a large and important part of my life. I am forever grateful for your stimulating company and the enormous collection of shared experiences indelibly printed in my mind.

Before I conclude, I would like to thank my beloved students.

MY TIRANGA MY PRIDE

On this Independence Day students share what the 'Tiranga' means to them, how it instills pride and joy, and the significance of its colours in their life.....

Tiranga is more than just a symbol; it serves as motivation. White denotes serenity, Saffron denotes courage and power, and the green represents growth and fertility. I'm proud of my nation and all it has accomplished, including the outstanding showing at the Commonwealth Games. I am happy of the harmony amongst members of many cultures, faiths, and castes, which exemplifies my nation's unity in variety. The might of my nation is known across the world. Tiranga inspires me to take action that will benefit my nation. No matter where I go, Tiranga will always be in my heart.

Nandini XII-C

Every Indian takes great pleasure in the Tiranga, a symbol of independence and togetherness. The historical relevance of our national flag will always be discussed in history lessons, and no one will ever forget its worth or importance. I'm appreciative of it. The immense history that the flag carries with it should never be forgotten by each individual who has the good fortune to name this nation his motherland. The least we could possibly do as a symbol of the struggles this nation has endured is to feel proud of our nationality, of our past, and to salute the Tiranga, a tribute to the magnificence of our homeland and the admiration of being an Indian. Saffron symbolizes boldness and power.

Sourabh Thapa XII-E

A country's flag is a representation of the entire country. This sign combines a picture of the nation's history, present, and future into one. Similar to how a country is represented by its flag, our India is represented by the Indian flag. The flag is very significant to us. We feel accomplished as a result of it. The upper band of the Indian national flag is saffron in colour, signifying the nation's bravery and power. The white center band on the Dharma Chakra denotes harmony and truth. The last ring is green, signifying the land's fertility, growth, and good fortune.

achievement. Azadi ka Amrit Mahotsav is a tribute to our freedom fighter and freedom movement. The main motive of this mahotsav is that every citizen of India should know about the history of Amrit Mahotsav freedom fighter and leader who had sacrificed themselves. This mahotsav

India is celebrating the glorious history of its people, culture, and achievement. It includes a series of events all over the country. Azadi ka Amrit Mahotsav is celebrated on the basis of the struggle of Independence, ideas, achievement, action and resolution for seventy years. On15th August, 1947, India finally got Independence from British Rule. This year the great effort of our prime minister is highly commendable. His vision of making the nationwide festival is really praiseworthy. It is a festival of the people. The young generation of our country and next generation of children of the country will know the history of our country.

Lastly, I would like to say, let us salute to pay gratitude to the people who fought for the independence of the country and dedicated themselves to the service of this great nation. Jai Hind, Jai Bharat

Prival VII B (Neb Sarai)

The Tiranga, which we unfurl today, represents my identity. Yes, it is my collective awareness, ingrained firmly within my subconscious. The colours we are familiar with stand for power, harmony, fortune, and fertility. The Dharma Chakra is in charge of it. It is not your typical flag, though. It is an ethos, with its development steeped in history, that stands in for the collective will of our country to move ahead.

Ipshita Khatri X-C

When I hear the name "Tiranga," I can't help but feel a sense of dedication to my country and pride. The most serene but stunning flag ever flown on our soil. I am reminded of the lives that were potentially sacrificed or at risk when I see the flag waving in the breeze. I wish I could maintain and preserve our Tri-color at some point in the future. The Tiranga is more than simply a combination of three colours; it stands for the integrity and sovereignty of our country.

Manya Singh IX-B

The national flag of our nation, Tiranga, inspires a sense of pride, nationalism, and majesty. The three pillars of my life-honesty, commitment, and generosity-are reflected in Tiranga, in my opinion. It completes me as a person and always serves as a reminder that I was made for this nation. It inspires me to stand up against all the injustices in my life. It inspires me to be devoted to my job and my nation, to be sincere with myself, and to be kind to everyone. This serves as my country's homage.

Nishita Das IX-C

India is 75 years old now hence, India is celebrating it by the 'AZADI KA AMRIT MAHOTSAV'. It is an initiative of the government of India to celebrate and commemorate 75 years of progressive India and the glorious history of its people, culture and achievements with the help of numerous schemes like ideas @75, revolve @75, actions @75, India @75. etc.

This Mahotsav is dedicated to the people of India who plaved a significant role in bringing India till here in its evolutionary and struggling journey and the people who are now playing a role in the Prime Minister Modi's vision of activating India 2.0 which is being achieved with the help of a scheme – ATMANIRBHAR BHARAT.

Azadi Ka Amrit Mahotsay was began on 12th march 2021 from Sabarmati ashram when prime minister, shri Narendra Modi flagged of a 75-week long festival which will end on 15th August 2023. Various freedom programmes with the name of Azadi Ka Amrit Mahotsav have been introduced for telling us our unsung freedom fighters through various programmes, photos, exhibitions, contests, competition etc.

We have still time to make our India better. Only through our collective resolve, well laid-out action plans and determined efforts, all the decided plans can be achieved to make India more powerful than hefore

"Being a student of St. Marv's Public School. I can undoubtedly say that this is the best institution if one is keen to gain knowledge along with moral values and ethics"

First, I would like to express my gratitude to all the teachers involved in finding me fit for the post of head boy

for this academic year. A big thanks to all the concerned people who believed in me and entrusted me.

I have been a part of this institution since the very beginning of my school life. In these 14 long years I have gained a lot of knowledge and wisdom from this school in the form of teachings by our beloved teachers, or from books. As a St. Marian I feel blessed to be part of such a renowned institution where the lessons are not just limited to the pages of books as it also teaches us to understand the ENCYCLOPEDIA of life. And after having a responsibility over my shoulders, I believe that I have developed into a better individual in terms of my personality. And I want to share my personal mission statement which I follow every time and I believe, it will be really helpful for all the juniors as they possess really creative minds.

There are 4 D's if you want to achieve anything in life:

- Desire
- Discipline
- Determination
- Direction.

When I was asked to give a message as the head boy for the year 2022-23, all the memories of these 14 years in St. Mary's Public School etched in mind suddenly poured out and nostalgia hit me like a tsunami hits a coast.

At last, I just want to conclude by saying "I am a proud St. Marian" Thank you!

A LEADER IS ONE. WHO KNOWS THE WAY. SHOWS THE WAY. AND GOES THE WAY.

I Jyotirmayee Sahoo, would like to thank all of you for showing enormous faith in me by choosing me to serve as the Head Girl of our prestigious school, which is a temple of learning. Coming together is the beginning, keeping together is progress, and working together is a success. As for me, being a head girl is

not about position or title, but about setting an example that can make a difference. There is no such thing as a perfect person, but I promise that I will do my best to live up to your expectations.

In our homes, we have our families to guide us; in schools, we have teachers: but we all need a friend, someone we can share our problems and fears with, someone we can relate to, and approach when we face dilemmas. As the head girl, I can be that friend who will help you with all your problems.

My promise is to serve the school and you, my fellow students, with all my heart. My role as a head girl has been challenging, but I want to graduate knowing I made a positive difference in this school.

I would like to express thankfulness towards our Respected Directed Sir, Principal Ma'am, Aby sir, Derlin Ma'am teachers, and students for selecting me as the head girl of our school. Once again a big thank you to all and God above for giving me this privilege to take on the responsibility and lead the student body in the service of our school and the greater glory of God.

Let's make St. Mary's the best school in South Delhi.

LEADERSHIP IS INFLUENCE

It has been one and half months, since I got elected as head girl of this session. First of all, I would like to express my gratitude towards our school administration. The moment, when I came to know about that I am elected as head girl, I was extremely happy. A way of joy passed through my veins.

Each post or salutation has certain obligations. In the past one and half months. I've given my personality more thought. I've also had some time to reflect on time management, which for me had previously been simply a term. After then comes the challenge as I make every effort to balance my education and extracurricular interests. Since everyone is watching me, this post has really aided me in my efforts to improve myself in every area.

Overall, this has been a pleasant experience, however each individual has certain expectations of me. I make every effort to meet all of those expectations, but ultimately, some of them may not be met.

At last, I would like to express my gratitude towards our honorable Director Sir Dr. Thomas George and Principal Ma'am Mrs., Daisy Thomas and all my respected teachers for selecting me for this position & having a faith in me. Thank you!

I may not be perfect and might not always get things right but I ensure you that I'll always try my best to get things right. I realize that being Head Girl isn't about being better than anyone else, it's about having the trust to organize and represent everyone in the school with honesty and enthusiasm. I hope to bring my best efforts to the role of the Head Girl. Thank You

BEING A HEAD BOY

I am Alok Singh the Head Boy of ST Mary's Public School, Devli for the current academic session. First, I thank the management, teachers and all my schoolmates for giving me the opportunity to serve as a head

Being a head boy is not easy but I'll try my best to prove myself and work with sincerity and dedication. I'll work as a bridge between the students and the teachers. As a head boy I will ensure proper discipline in the school. I will motivate the students to follow the rules and regulation of the school and maintain proper discipline in the school. I will encourage all the house captains, sports captains and prefects to do their duties well. I promise to work hard with all zeal, devotion and determination.

LEADERSHIP IS AN ACTION. NOT A POSITION

First of all, I would like to thank the entire school management, who has shown immense faith in me by selecting me as Head Boy of our prestigious institution. Today, I Avush Biswakarma take the oath that I shall do all that I can, and make this academic year a memorable one. I may not be perfect and

Let's take our school to the greater height of success.

Teachers are builder of a better tomorrow. They shape the youths today and help to achieve something great in life. Being a teacher is much harder than we think, it is something more than only giving away knowledge, lectures and attending back to back classes. A teacher is the one who makes a significant impact in their students' lives. He/ she inspires them to be a better version of themselves and achieve something significant in life. They also provide us right guidance. Teachers are the ones who motivate the students to do better. Through their guidance, the students know differentiate between right and wrong. They also have a big hand in shaping the society. Teachers are dedicated learners who can not only teach but listen to the students' problem and try mentoring them to the best of their ability. They also change many student's lives for better. As we call our teachers as a helping hand not only in studies but also help us in our actual life problems. We should spend more time with our teachers we all know some time they scold us but they are really nice. They are garden and we are the flowers of their garden these flowers grow with their right guidance.

Prachi Nayak VIII A (Neb Sarai)

OUR FRIENDS AND MENTORS

The future of pupils is significantly shaped by their teachers. They are the ones who convey knowledge and educate us about everything significant from kindergarten to university. Additionally, they impart our moral ideals and teach about ethical principles. As a result, we may conclude that teachers help us develop a really powerful and great personality. A world without educators would undoubtedly be disordered. Teachers are without a doubt one of the few persons in our life who have an influence on the world. For their students, teachers act in the capacities of educators and caregivers. They occasionally turn into our buddies and support us in dealing with our own issues.

Additionally, they see their pupils' potential when no one else does. As the vouth are in their hands, they also control the destiny of a country. The future of the nation will undoubtedly be in good hands when the kids are educated and informed. The pupils are guided by them at every stage, which is the most crucial thing. It is reasonable to conclude that our teachers make the world a better place by improving students' lives. They are our friend and mentor.

SCHOOL LIFE IS THE BEST

School life is indeed the golden period of a person's life. It's worth saying that school is the second home of a child where he/she spends a major part of his/her life. School is the training ground for all virtues that make a good person. Also, it is the abode of lots of jolly memories. Lovable teachers and friends, strict rules and regulations, school functions, picnics, gathering for school assembly, faded uniforms et are some of the evergreen memories attached to a school. School life is a carefree life. No worry about the worldly affairs. The only concern areas are studies and examinations which is not so unnerving if one includes studies as a part of daily routine. School life gives us the real freedom- freedom to live in the cocoon of care, concern and commitment of our teachers. Thus, don't let your school life to go in vain. Make the best us of it.

मेरे वतन की गाथा

अंगार दिल में भरे बैठे हैं तूम क्या हमें देशभक्ति सिखाओगे अरे पाकिस्तानियों अपने मजहब के ना हो सके तो हमें क्या मिटाओगे

वतन के खातिर किसी से भी लड जायेंगे शहादत को प्राप्त होकर भी चट्टान से टकराएंगे चाहे फिर घर वापस तिरंगे में लिपटे आएंगे

> अनेकता में एकता से मेरा देश महान है विश्व प्रताप रूपी यहाँ सारा जहान है

वीरों की वाणी यहां हिंदू मुस्लिम सुनाते हैं रमजान में राम दिवाली अली गुंजे आरती साथ अजान गाते हैं

डरते तो वह हैं जो मरने के बाद भी जमीन में छुप जाते हैं हम हिंदुस्तानी हैं मरने के बाद भी आग से खेल जाते हैं

हर इतिहास में हमने अपना नाम जोडा है जब खोज ना हुई थी बंदूक हथियारों की तब का विश्व सबसे बड़ा युद्ध महाभारत में हमने लडा है

जो छोडेगा उसे नहीं छोडेंगे अपनी हिम्मत से हवा का रुख भी मोड देंगे ये देश गवाह है समाज सत्यवादी गांधी का जो शहीद हुआ भगत सिंह आजादी का घुसपैठ का गुरूर अपने दम पर लड़के तोड़ेंगे

शाखाओं से सटकर पवित्र गंगा यहां रहती है जय हिंद वंदे मातरम के नारे सारी दुनिया यही कहती है

चाहो तो इतिहास पढ लो सत्ता का टच बदल सकते हैं जुनून इतना है अंदर सिंह को भी चींटी की भांति मसल सकते हैं

think a teacher's impact is seen over time, particularly when a kid starts high school coursework and starts to demonstrate thinking, understanding, and life skill development. Prior to high school, I knew very little about my job. I asked my instructors/

teachers for assistance at that time since I was having trouble deciding which career to pursue. My high school teachers helped me determine my interests and ambitions and gave me guidance on how to use my skills. My interactions with them have made me realize that they provided me with the opportunity to reflect. I became the Principal of a Government School after starting out as a teacher, thanks to their advice and support. I want to convey my appreciation to all of my teachers for guiding me toward my goal and helping me forgo my future. I owe my all teachers in general. When I first started teaching, I became aware of their selfless and genuine commitment to society.

My child Samarth Hudda is in VI-C, who is studying from last 7 years in St. Mary's School.

St. Mary's Public School is doing excellent in all the fields especially giving a lot of exposure to children

.Very nicely planned and organized academic program. Good effort by all teachers. I am very grateful to all teachers, management and Principal. I am also impressed with the co-curricular activities organized by school. This has helped my child to develop confidence and overcome stage fear. I am extremely happy with the kind of activities organized in school for children's physical, social and intellectual development.

Last but not the least, it was a great effort by the school during the pandemic, I want to thank all the teachers, for the hard work they have put in the online sessions, explaining everything in a detailed manner each day. A big thanks to all of them. I would like to thanks all the teachers staff and principal for creating bright futures of their thousands of students.

AN ODE TO A TEACHER

wise person once said that 'Th profession that creates all other professions is that of a Teacher'. I completed my school in 2012 and without any ounce of a doubt. I can say that my time spent in St. Mary's was the best time of my life, not only was it entertaining but informative as well.

My teachers had an immense impact on me as I learned some valuable lessons from them. Firstly, the lesson of befriending someone of your own age was handed over to me in one of my Class VIII Science class. In class X, one of my teachers told me the importance of having and keeping secrets. As naive as I was back then, I couldn't grasp the meaning, however, years later, I realized the value of that lesson. My Principal, back then, Dr. Thomas George a man of strong stature and character helped me to continue my studies in the school irrespective of my hardships back then, he helped me in every possible way, that taught me benevolence.

I take pride in saying that my teachers had an everlasting influence on me and I will be grateful for that till my last breath.

AN ODE TO A TEACHER

TEACHERS: INSPIRING SOULS

Role models are people who influence others by serving as examples. They inspire others to strive and develop without providing any direct instruction. For children, after parents, their role model are their teachers. At

six to eight hours a day, five days a week, teachers become the most influential people in a student's life. They follow students at each stage of development, whether a nursery student or a teenager. They not only watch the students grow but help them grow. A good teacher is one that motivates the students to always keep trying and do their best. I love all my teachers but my English teacher, Mrs Komal Mehta, holds a special place in my heart. She has guided me as a teacher, loved me as my mother and helped me like a friend. She is an epitome of perfection who always showered me with blessings and love. I am really grateful to God for blessing me with the most amazing teachers who has played the major role in shaping my character, and giving a direction to my future.

I remember my music teacher Ms. Subira Ma'am who taught me music from class VI to XII, often used to tell that live life happily and greet people with smiling face. Happy face spreads positive energy and always carry music in your heart as it relieves pain. She not only taught us her subject perfectly but gave life lessons also. Her sayings reminds me today also that "the lessons which books do not teach you, time teaches you". I am truly indebted to all the teachers who taught me during my growing years to be what I am today. Thank you teachers for imparting knowledge and good values for the generations to come.

IMPACT OF TEACHERS IN OUR LIFE

It is difficult to claim that teachers have no significant influence on our lives since, despite our best efforts to the contrary, we all know that they have an impact on us in one way or another. We've all had that one teacher that sticks in our minds whenever we think of school, but not because of how she taught us, but rather because of how her presence influenced us. They may have positive or bad effects, but they are crucial to how we begin to view the world, judge others, and even ourselves. It's crucial to have a teacher like that, one who inspires us to strive for betterment and for whom we are thankful.

गुरु ग्रंथों का सार है, गुरु ही प्रभु का नाम गुरु ज्ञान की ज्योति है, गुरु ही चारों धाम ।।

गुरु की महिमा सर्वोपरि है जब किसी मनुष्य को अपने गुरु के चरणों की धूल स्पर्श होती है अतः ज्ञान प्राप्त होता है वह तब उसका मन आनंदित हो उठता है जैसे गोस्वामी तुलसीदास जी कहते हैं श्री गुरु चरण सरोज रज निज मन मुकुर सुधारी अर्थात गुरु के चरणों की रज माथे पर लगाते ही मन रूपी दर्पण स्वच्छ हो जाता है और स्वच्छ होते ही मन की विश्व की बुराइयां अमत रूपी अच्छाइयों में बदल जाती है।

> बड़े भाग्य में सतगुरु पाया, मन की दुविधा दूर भगाए । जो वस्तु में ढूंढी जग में, शो वस्तु घट भीतर पाई ।।

हमारे हृदय के अंधकार में ज्ञान कहीं छुपा रहता है और जैसे ही गुरु का मार्गदर्शन मिलता है मन आनंदित हो उठता है जब हमें गुरु का सानिध्य प्राप्त हो जाता है तब शिव शिष्य के जीवन में सकारात्मक ऊर्जा का विकास हो जाता है गुरु वह पारस मणि सकारात्मक ऊर्जा है जिसके धारण करने से शीश हर समस्या का समाधान सरलता एवं संस्था से कर लेता है गुरु अपने ज्ञान की चमक से हमारे जीवन को प्रकाशमान करते हैं गुरु का ज्ञान परम औषधि है जिसको ग्रहण करने से मन सदैव प्रसन्न रहता है शिष्य अज्ञान से ज्ञान की ओर अग्रसर हो जाता है गुरु का ज्ञान हमें विद्या के साथ—साथ हमें विनम्रता का पाठ पढ़ाता है गुरु हमें तेजस्वी ओजस्वी बनाते हैं गुरु के चरणों की महिमा के प्रति कृतज्ञ व्यक्त करते हुए सभी गुरुजनों को मेरा शत–शत नमन।

तीर्थ ना आवे तो एक फल संत मिले फल चार । सदगुरु मिले अनंत फल कहे कबीर विचार ।।

INSPIRING OTHERS

Our teacher is the source of all light, a beacon in the night, and the source of hope that gives us the will to live. We commemorate teachers' day today. A day set aside to honour the talented people who work tirelessly to ensure a bright future for all of us. The foundation of our life are our teachers. To all pupils, they serve as second mothers. Wisdom is one of the finest gifts one can give in life, and our teachers constantly impart it to us. They help us learn how to live happy, caring lives. They provide us the strength to face challenges in life. They demonstrate how to proceed. They claim that it is untrue. They demonstrate how to proceed. They advise us that it's okay to stumble every time we set out to accomplish anything. They are the ones who claim that difficulties come our way when we least anticipate them in life. They teach us that even when all the doors in life seem to be closed, there will always be one window open. Our finest critics and friends are our teachers. I humbly bow my head and offer my deepest gratitude to them, today and forever. Happy teacher's day to you all.

RIVER

Born to flow, destined to flow Only to flow, speedy or slow, But to flow, flawlessly flow. Smooth plain or stony hills

Doesn't matter who comes the way, Makes way to flow, finds the way to flow. Never thought of origin not of destiny Be lost in desert else Unite in sea.

Just wish to flow and swear to flow. Never thought of rest, just can't but flow Pledged to keep alive, tree, forest and all lives.

Along the path it flows, born and destined to flow.
